SEPTEMBER!!!**

**THE KIDS HAVE
GONE BACK TO
SCHOOL AND
LEFT YOU TO
THE WATERS!!!!**

**JUST YOU AND
THE FISHING!!!**

**CALL NOW FOR
SEPTEMBER 07
SPECIAL\$\$\$\$....**

**WELL WHAT A SUMMER IT
HAS BEEN HERE AT
NEWTON COVE AND IT ISN'T
OVER YET.....**

June started out fast and furious with the earliest showing yet of Coho and Springs. Unfortunately we had rain, rain and more rain which saw us into July.

Good thing was the fishing was great until mid July when it slowed down for a little while then promptly picked up. We had beautiful fish of all species caught and the pictures tell the story.

Our season got off to wonderful beginnings with the winners of the 104.7 Free FM GP Alberta B'Daddy Father's Day Contest *Pat and Alwyn Wheeler*.

We have hosted many family groups this year with the largest group of fathers and sons being 16!!! Our youngest fishermen were Alex and Rory Shanks, 5 & 7 and also Thomas Burnside age 3. Alex and Rory, also wear the distinctive honour of being our Dogfish Shark Champions of the season to date. We were also happy to see several fathers and daughters coming out to fish

too!!! We welcomed people from all over including Idaho, Washington, New York, Montana, Austria, British Columbia, Australia, California, England, Ireland, Nova Scotia, Saskatchewan, Alberta, Orillia, Quebec and even an old friend of Dad's from Embro!!!

Everyone shared the day's catch stories over amazing appy's on the patio .

People were very happy with the opportunity to access bait, ice and have their fish vacuum packed.

We had several corporate groups, some of them old friends and we welcomed new friends as the groups vied for awesome prizes to take home as memories of their time spent together.

The famously funny and even related Cousin Kenny Shaw had us rolling on the dock with his amazing musical wit. We encourage the

groups who wish to have Kenny back as a part of their 2008 package to book him early. He even managed to conjure up the Northern Lights after one performance! Now that's what we call TALENT!!!

For those of you who wanted the CD/DVD and we were all sold out please visit:

<http://kennyshaw.ca>

You all told us the food was fantastic and we intend to encore that for 2008!!! Rumour has it that we even have a TV Chef Personality that will be putting in some guest appearances so stay tuned !!!!

NORTHERN COHO:

Even though many of you may think the season is over we are still enjoying spectacular world-class fishing here at Newton Cove Lodge.

We are catching hook nose Northern Coho up to 18 lbs. (see pic) What an exciting fish to play and catch, especially on light tackle.

**DON'T MISS OUT ON
THIS INCREDIBLE
FISHING!!!!!!!**

ROGER'S REEL TIP

Mark on your calendars: September Coho fishing in Esperanza Inlet. What a time we ARE having...sensational hook nose Northern Coho to 18 lbs. and what a display they have put on.

Personally, I think it is my favourite time of year with such beautiful weather in uncrowded conditions on light tackle.

WHAT A THRILL!!!!!!
