AVAILABLE!!!!

LOOK FOR CUT
PLUGGING
TECHNIQUES IN
JUNE'S EDITION
ROGER'S REEL
TALK!!!

ANNOUNCING NEWTON COVE LODGE!!!!

We are so happy to finally
introduce you to our new
name and logo.

It was such a challenge to
pick out a logo that really
reflected how we felt about
our lodge but with the help of
a great team and our regular
"guest" advisors we think the
one we have is GREAT!!!!

CHANGE YOUR BOOKMARK:

Our website address has
changed as well to

<http://newtoncovelodge.com>

You will love our logo on the
sweatshirts, t's and hats.

So here it is May already –
I've made one trip this year
for steelhead only to be
washed out. I say with true
heartfelt despair my fishing
licenses have only just been
renewed. I heard and saw
great catches of winter
springs coming from both the
recreational and commercial
sectors and I'm constructing
a fishing report with not
nearly as much "hands on"
experience as I normally like
to have!!!!. Oh well such is

the life of a lodge owner
who is very happy to be
busy getting ready for
this season's guests!!!
REALLY!!

2007 FISHING FORECAST

The fishing forecast for
2007 is really quite
exciting. The returns of
both coho and chinook
look promising indeed.
Particularly the
improvement of coho
numbers. Coho
numbers in the last two
years have been
noticeably down
although I have to say
we honestly have not
had too many
disappointed September
guests. Check out the
May issue of B.C.
Outdoor Magazine. You
will see a great picture
of our friends Bill
Otway, Tom Bird and
Richard Cole from mid-
September and they
have a great catch!!!
(Fall Roger's Reel Talk)So
if you can't secure your
summer date don't be

afraid of September.
The weather is usually
spectacular!!!

The coho forecast is a
projection of the 06
jack counts in the
rivers this past fall.
We are lead to believe
the abundance will be
3 or 4 times last year.

Returning chinook
numbers are showing
to be healthy indeed
and we should have
another outstanding
year in this area.

Halibut fishing is
under full swing – call
for our June specials.
I was very fortunate
enough to get out
over the past long
weekend and caught a
nice chicken on the
inside. HUGE thanks
to SHANE, GABE AND
RICHIE who came up,
worked their butts off
and got ME out...

No new regulations
are expected. See the
Link to our Area 25 in
the Box at the end of
the Newsletter.

We continue to improve in order to provide you with the highest level of comfort and enjoyment during your stay.

NEW ADDITIONS: FOR 07 - the Commercial Vacuum Sealer which will bring a new level of fish care to the Lodge. We are very excited about the addition of this great machine and service!!!

-New Dock: we have a fantastic sturdy and solid new Dock coming out which will expand our tie-up space for all you BYOB'ers.

& ON THE POLITICS OF FISHING:
(Sad but true!!)

**Just a note that it is up to all of us to make ourselves aware of BILL C-45 the proposed new Fisheries Act.

BILL C-45 Impacts us all

Go to the link below where you can get all the info.

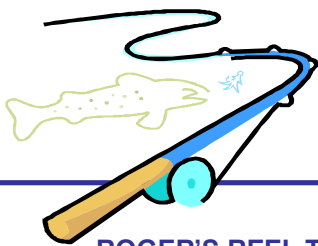

[British Columbia Sportfishing Defence Alliance:](#)

<http://www.defendsportfishing.com/>

**WE STILL HAVE A COUPLE OF SUMMER POSITIONS OPEN

info@newtoncovelodge.com

GREAT FUN! SPECTACULAR LOCATION: STAFF ACCOM. AVAIL.**

ROGER'S REEL TIP

Probably one of the most aggravating experiences while fishing is having that real big one take one last run after working hard and playing it for sometime, only to find your line breaking because you tried for "one last trip" with last year's line.

Take the time to change the lines on all your reels. I've learned this one the hard way!!!!

JUNE HALIBUT SPECIAL

Don't miss out on an opportunity to do battle with the tastiest of all saltwater game fish.

25% OFF OUR REGULAR RATES FOR ALL FISHING PACKAGES BOOKED AND TAKEN PRIOR TO JUNE 28th, 2007
(not to be combined with any other specials or offers)

*****The Best Fly-Fishing Simulator Game EVER:**

For those times when you are not at Newton Cove Lodge!!! BUT not meant as a substitute:

FLY SIM

FlySim is a full 3D, physics based fly fishing game which features accurate fly casting, multiple destinations, different types of fish and realistic fish behaviour ..JUST WAY TOO COOL!!

You can download a demo at our site or just buy the full version...trust us you will anyway!!!
