**SUPER
SPECTACULAR
SEPTEMBER!!!**

**CAN LAST
YEAR'S SEPT.
BE BEAT???**

**JUST YOU AND
THE FISHING!!!**

**CALL NOW FOR
SEPTEMBER 08
SPECIAL\$\$\$\$....**

Ok..ok...we are late with the newsletter we know...

We have lots of excuses though. We have been so busy getting things ready for you all. Redecking the older building was our first priority this year and of course it took longer than we could have imagined.

We have also added to our fleet...yep, the Bounty will get a sister at last. We are so pleased as this is another great fishing machine and has all the comforts for wildlife viewing and those special sunset Wine and Dessert Cruises!!!

Anyway we can't wait to show you so let's just talk about the fishing!!!!!!

Once again, since early June we have great showing of Chinook and Coho. Nice catches of halibut and ground fish due to the outstanding weather we have enjoyed and from all accounts it is going to continue....

SO...don't waste another moment if you haven't already booked...

**COME AND SHARE
THE GREAT TIMES
with us this year.**

We still have some openings and we are thrilled to have a team to be proud of in our Red Seal chef Steve who takes tremendous joy in pleasing the palate and our guests so far have been delighted having all gone home with lbs of fish and lbs.....

We also have the addition of Rodger "with a d" Miner to our team this year and the second you enter the cove you will notice his mark in the hand stripped cedar pillars. Rodger is an expert guide and carpenter and you will see Rodger's addition to our newsletter for the first time in "Rodgers" Reel Talk below.

With our experienced "Gentle Giant" of a dock giant Mathew (all 6'6" of him ..please

bring him cookies) and Pat on the rooms your experience will be second to none.

Along with the fishing, our wildlife excursions have proved extraordinary. Our recent European group told us there are only "a few days in a person's life that can be described as perfect and we had one today" after coming back from their trip to Friendly Cove, seeing all the land and aquatic life AND the humpbacks along the way.

The gift shop is stocked with bait, tackle and a wonderful array of gifts and clothing to take home.

Don't forget that all indications are pointing to another great September for Coho. We are seeing large schools of Coho near Catala Island and they are holding and feeding. This tells us that large runs of fish will soon enter into the inlets. Don't miss out on this incredible sport fishing opportunity!!!

Add a Dive Charter
Hiking or Cave Exploring**

RODGER'S REEL TIP

Watch the birds and the size of the bait that is in the water and your success will be a lot greater.

Pay attention to what is going on around you in the air and in the water. The signs will lead the way to the fish.

LAST MINUTE DEALS

JULY 30, 31 AND 1ST
